

FEATURES

MARC Photo Blue colors water a pleasant aqua blue. It enhances the appearance of any body of water to which it is applied.

Ideal for use in:

- Ponds
- Lagoons
- Golf Courses
- Resorts
- Parks
- Fountains

MARC Photo Blue also serves as a spray marker.

DIRECTIONS

Apply one gallon of **MARC Photo Blue** per acre of water with a 4-foot average depth, or one gallon per million gallons of water (1ppm).

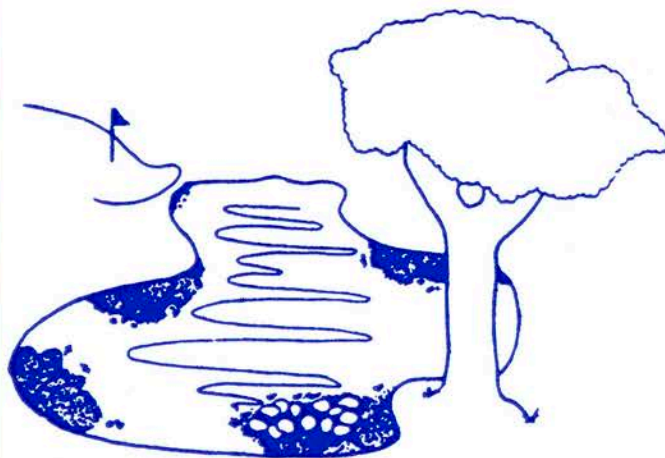

When spraying water-based products such as herbicides, use **MARC Photo Blue** as a spray marker at the rate of 1/2 fluid ounce per gallon of solution.

M-23

MID-AMERICAN RESEARCH CHEMICAL CORP.
P. O. BOX 927 · COLUMBUS, NE 68602-0927 · 800-228-8508

WHERE TO APPLY

Apply to natural and man-made self contained ponds with little or no outflow. Apply for ornamental and recreational use. This product is for all seasons! During winter months it may be applied on ice and snow. It absorbs sunlight and melts ice or snow, dispersing underneath.

CAUTION Concentrated Dye

IRRITANT. Avoid eye and skin contact with undiluted product. Concentrate may be harmful if taken internally.

If eye or skin contact occurs, flush thoroughly with water. If swallowed, drink water and induce vomiting. Call a physician immediately. Read MSDS before use.

KEEP OUT OF REACH OF CHILDREN!
