

TECHNICAL DATA SHEET

Product Name: THERMAL LOCK™

Product Number: MARC 43

Type of Product: Metal interlocked high-speed buffable floor finish

Solids: 20%

Weight per Gallon: 8.5 pounds

Color: Milky white

Odor: Low

Viscosity: Low

pH: 8.2-8.6

Flash Point: None

Coverage: 2,000 to 2,500 square feet per gallon

Drying Time-Typical: 30 to 60 minutes, depending upon humidity and number of coats.

Freeze Stability: Protect from freezing

Storage Stability: Excellent

Clarity of Dried Film: Excellent

Resistance to Abrasion, Scuffing, Black Marking, Yellowing and Detergents: Excellent

Gloss: High

Leveling: Excellent

Foaming: Low

Buffability: Responds to all buffing speeds, but especially to high-speed buffing

Recoatible: Yes

Strippable: Yes
