

FEATURES

MARC Gloss Master is a one-step floor cleaner and polisher. It cleans off dirt, grease, black marks and grime, and restores the shine to the finish on the floor. This helps to protect the finish, and extends the time between stripping and recoating. **MARC Gloss Master** economically dilutes with water. It may be used with an autoscrubber or mopped on.

DIRECTIONS FOR USE

When using an autoscrubber, dilute **MARC Gloss Master** 1:14 with water (9 ounces per gallon).

For daily autoscrubber use, dilute 3 ounces of **MARC Gloss Master** per gallon of water and use with a white pad.

When mopping on, dilute **MARC Gloss Master** 1:20 with water (6 ounces per gallon).

After the floor is dry, buff the finish. For best results with high speed finishes, use a high speed burnisher.

MADE IN USA.
