

TECHNICAL DATA SHEET

Product Name: BLACK ICE

Product Number: MARC 426

MARC 426 Black Ice Odor Neutralizer is a concentrated product which encapsulates and eliminates airborne odors. It can neutralize even the most offensive odor problems. **MARC 426 Black Ice Odor Neutralizer** actually encapsulates all odor molecules through a unique chemical reaction. A single spray of this powerful concentrate can neutralize odors for up to 24 hours through its three-way action: as a space spray, contact spray and evaporative deodorizer. It penetrates even hard-to-reach areas. A one-pint container of **MARC 426 Black Ice Odor Neutralizer** has over 400 sprays.
