

TECHNICAL DATA SHEET

Product Name: NITROUS THERMO
HEAT-ACTIVATED
DRAIN CLEANER

Product Number: MARC 1

Features: **MARC Nitrous Thermo Heat-Activated Drain Cleaner** contains powerful caustic pearlized beads to quickly unclog drains and grease traps, and keep them free-flowing. When added to water, it releases large amounts of heat to liquefy, dissolve and loosen fats, oils, grease, slime, hair and other organic matter that typically clog drains. **MARC Nitrous Thermo Heat-Activated Drain Cleaner** easily dissolves in water without hardening or clumping. It has a bright orange color, and a pleasant citrus fragrance. It does not generate toxic fumes, and may also be used in septic tanks.

Use in:
Drains, Grease Traps, Septic Systems

Effective Against:
Grease, slime, soap scum, hair

Properties

Appearance..... orange pearlized beads
Fragrance..... citrus
Flash point..... none
pH..... 14.0
Stability..... excellent
Solubility in water..... complete-gets very hot
Active Ingredient..... sodium hydroxide

R11-14
