

FEATURES

MARC Melt-A-Way is the ideal snow and ice melter for sidewalks, parking lots, driveways and stairways. Each individual granule is a complete blend of ice melting ingredients including a "Thermal Booster" for maximum performance, allowing MARC Melt-A-Way to work up to three times faster than ordinary ice melters. The corrosion inhibitor helps fight corrosion to exposed metal.

MARC Melt-A-Way is free-flowing and less likely to attract moisture and cake. This allows for easier application and unlimited shelf life. It contains no hazardous chemicals, so it can be safely handled with bare hands, as well as being safe on floors and carpets. When used as directed, it will not harm grass, shrubs, trees or other vegetation. The color-coding of MARC Melt-A-Way reduces the possibility of over-application, making it economical to use.

CAUTION: Do not take internally.
KEEP OUT OF REACH OF CHILDREN!

MARC 

SNOW & ICE MELTING COMPOUND

**Contains
"Thermal Booster"**

- MELTS SNOW AND ICE DAY AND NIGHT
- CONTAINS CORROSION INHIBITOR
- WILL NOT HARM VEGETATION WHEN USED AS DIRECTED
- CONTAINS NO HAZARDOUS CHEMICALS
- EASY TO APPLY
- LEAVES NO WHITE OR OILY RESIDUE
- 100% SOLUBLE

M-8

DIRECTIONS FOR USE

To Ease Snow Removal: Apply MARC Melt-A-Way at the beginning of the snowstorm, if possible. Broadcast approximately 1/4 ounce per square yard of area to be treated.

For Ice Removal: Apply MARC Melt-A-Way evenly over the surface at the rate of approximately 8 ounces (1 cup) per square yard of area to be treated for each 1/4 inch of ice.

Use Precautions: MARC Melt-A-Way will not harm concrete. However, all ice melters increase the number of freeze-thaw cycles, which can lead to surface damage, depending upon the type and quality of concrete. Quick removal of snow and ice after application of ice melter will lessen the potential for damage.

Do not use on concrete under one year old. Do not use on brick and stone mortar joints unless the mortar has been properly sealed and waterproofed.

Non-Warranty: Manufacturer or seller makes no warranty, expressed or implied, concerning the use of this product other than for the purposes indicated on the label. Manufacturer or seller is not liable for any injury or damage caused by this product due to usage, mishandling or any application not specifically described and recommended on the label.
