

TECHNICAL DATA SHEET

Product Name: SILICONIZED RELEASE AGENT

Product No.: MARC 15

Form: clear liquid

Odor: hydrocarbon

Color: purple

Viscosity: low

Specific Gravity: 0.81

Weight per Gallon: 6.78 pounds

Flash Point: 130° F

Boiling Point: 350° F

Release Properties: excellent

Solubility in Water: negligible

Storage Stability: excellent

Freezability: none

Dilution: ready-to-use
