

**DESIGNED TO STRIP ALL  
SYNTHETIC FLOOR FINISHES AND  
WATER EMULSION SEMI-  
PERMANENT SEALERS.**

**FEATURES**

**MARC Super Strip** is specifically designed for the conditions encountered in the removal and stripping of today's modern synthetic polymeric floor finishes.

**MARC Super Strip's** exclusive formulation is designed to wet out, emulsify and float the old finish and heavy soil to permit easy pick up.

**MARC Super Strip** can be used in all stripping conditions, and is especially effective on built-up or multiple layers of finishes burnished by spray buffing and high speed buffing, and where regular strippers are not effective.

**MARC Super Strip** is safe to use if used according to label directions. It is very important that the stripper solution be rinsed as soon and as thoroughly as possible.

**MARC Super Strip**, used undiluted, is an excellent stripper for hard-to-get-at areas that create heavy build-ups such as steps, coves, corners, etc.

**FOR INDUSTRIAL AND  
INSTITUTIONAL USE ONLY!**

Made in USA.

# SUPER STRIP

## Wax & Finish Stripper

• Vinyl • Asphalt • Linoleum • Terrazzo •

An Exclusive Formula of **M-39+**

MID-AMERICAN RESEARCH CHEMICAL CORP.  
P. O. BOX 927 · COLUMBUS, NE 68602-0927 · 800-228-8508

### DIRECTIONS FOR USE

#### REGULAR STRIPPING

**MARC Super Strip** should be diluted at the rate of 8 ounces per gallon of water. Wet the surface to be stripped liberally, allow solution to work 5 to 15 minutes, and agitate with machine or mop. Rinse floor thoroughly immediately after picking up stripper. Hot or warm water can be used.

#### SUPER STRIPPING

For problem build-up or burnished areas **MARC Super Strip** should be diluted at the rate of 12 ounces per gallon of water. Wet the surface to be stripped liberally, allow solution to work 5 to 15 minutes, and agitate with machine or mop. (For exceptional build-ups, a stronger solution may be required.) Rinse floor thoroughly immediately after picking up stripper with **MARC Floor Neutralizer** to balance surface. Maintain fresh finish with **MARC Renew pH-neutral floor cleaner**.

**DO NOT ALLOW STRIPPER TO DRY ON FLOOR.**

**NOTE:** Test on an inconspicuous area before using. Store above freezing.

**DANGER!** Contains sodium hydroxide, monoethanolamine and 2-butoxyethanol. Causes severe skin burns and serious eye damage. May cause respiratory irritation. Stripped floor may be extremely slippery.

**PRECAUTIONARY STATEMENTS:** Do not breathe mist or vapors. Do not kneel in stripper solution. Wash hands, face and any skin contact thoroughly after handling. Wear protective gloves, protective clothing, eye protection and face protection. Use only in a well-ventilated area. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. **IF ON SKIN** (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. Keep container tightly closed. Store locked up in a well-ventilated area. Dispose of in an approved waste disposal facility. **KEEP OUT OF REACH OF CHILDREN!**
