An Exclusive Formula of

M-51

MID-AMERICAN RESEARCH CHEMICAL CORP.

P.O. BOX 927 • COLUMBUS, NE 68602-0927

DISSOLVES

- SOAP SCUM • MINERAL STAINS
- RUST OR WATER BUILDUP
- BODY OIL • URINARY SALTS

FEATURES

MARC Tile and Grout Cleaner's unique jelling properties make it the ideal product for cleaning vertical or hard-to-get-at areas such as bath, shower or locker room surfaces, floors, walls, tubs, shower stalls, swimming pools, boats, etc.

MARC Tile and Grout Cleaner can be used on glass, grout, ceramic tile, fiberglass, plastic tile, painted or unpainted concrete surfaces, and most glazed or hard surfaces. It is safe to use on chrome and most other metal surfaces, and leaves no oily film.

MARC Tile and Grout Cleaner not only dissolves soap scum, mineral deposits, rust or water buildups, body oil, urinary salts and dirt, but actually restores color to the treated surfaces. It removes tarnish and discolorations to clean and brighten stainless steel, copper, brass, bronze, nickel, zinc and most aluminum surfaces.

BRIGHTENS

- DINGY TILE • BATHROOMS
- SHOWER ROOMS • CONCRETE
- FIBERGLASS • METALS

DIRECTIONS FOR USE

Wear safety glasses and rubber gloves when using. Apply and allow two to three minutes for MARC Tile and Grout Cleaner to penetrate and loosen problem area. Then brush and rinse well. **ALWAYS RINSE THOROUGHLY AFTER USING.** In case of very stubborn or difficult stains, it may be necessary to repeat the above procedure.

NOTE: This product may etch some ceramic tiles, tubs and sinks. If in doubt, test on a small area first. Avoid contact with wood or clothing. Do NOT use on marble, polished aluminum, metallic glazed surfaces, magnesium or terrazzo.

WARNING: Contains sulfamic acid and nonylphenol ethoxylate. Causes skin burns and eye damage. Do not contact eyes, skin or clothing. Do not take internally. In case of eye or skin contact, immediately flush thoroughly with plenty of water for 15 minutes. Get medical attention if irritation persists. If swallowed, drink several glasses of water and immediately get medical attention. Do not mix with chlorine bleach or other chemicals.

HMSI/NFPA Ratings: Health 2, Flammability 0, Reactivity 0.
