

TECHNICAL DATA SHEET

Rev. 04/09

Product Name: TILE & GROUT CLEANER

Product Number: MARC 51

Type of Product: sulfamic acid-based cleaner

Appearance: viscous, light green liquid

Fragrance: wintergreen

Specific Gravity: 1.05

Weight per Gallon: 8.8 pounds

pH: 1

Miscibility with Water: complete

Detergent Base: nonionic

Acid Fumes: none

Flash Point: none

Flammability: non-flammable, non-combustible

Storage Stability: excellent

Freeze Stability: excellent

Rinsability: excellent

Dilution: none required

Adherence to Vertical Surfaces; excellent

Cleaning Efficiency: excellent

Use: when used as directed, product is safe and effective on ceramic tile, plastic tile, fiberglass, terrazzo, plastic, glass, gout, painted and unpainted concrete, glazed surfaces, stainless steel, chrome and most other metals.

Effective Against: soap scum, mineral stains, hard water buildups, rust, body oil, and urinary salts.

Areas of Use: shower rooms, bathrooms, locker rooms, swimming pools, walls and floors
