

TECHNICAL DATA SHEET

Product Name: DEODORIZER

Product Number: MARC 68

Description: Highly Concentrated Odor Counteractant – Will Not Freeze Down to -10° F

MARC 68 Deodorizer is a highly concentrated odor suppressant designed to control odors in sewage treatment plants, wet wells, land fills, trickling filters, sludge beds and ditches. It will not adversely affect bacterial action in sewer treatment plants or drain lines.

Product Specifications:

Form: Liquid

Color: Red

Fragrance: Cherry

Specific Gravity: 1.04

Weight per Gallon: 8.71 pounds

Flash Point: None

pH: Neutral

Solubility in Water: Complete

Storage Stability: Excellent

Freezing Point: -10° F

Boiling Point: 212° F
