

## TECHNICAL DATA SHEET

**Product Name: DISCHARGE GRANULAR LIFT STATION TREATMENT**

**Product Number: MARC 73**

**Features:** **MARC 73 Discharge Granular Lift Station Treatment** contains powerful caustic soda beads to break down solids in lift stations and help prevent clogging. When added to water, it releases large amounts of heat to liquefy, dissolve and loosen fats, oils, grease, slime, hair and other organic matter. **MARC 73 Discharge Granular Lift Station Treatment** easily dissolves in water without hardening or clumping. It has a bright orange color, and a pleasant citrus fragrance. It does not generate toxic fumes, and may also be used in septic tanks.

**Use in:**

Lift Station, Sewers, Drains

**Effective Against:**

Grease, slime, soap scum, hair

**Properties**

Appearance: Orange beads

Fragrance: Citrus

Flash Point: None

Specific Gravity: 2.13

pH: 14.0

Stability: Excellent

Solubility in Water: Complete-gets very hot

R10-16
