

TECHNICAL DATA SHEET

Product Name: SLIP GUARD

Product Number: MARC 84

Product Type: alkali-resistant rubber-based coating containing anti-slip agents

Specific Gravity: 1.2

Weight per Gallon: 10 pounds

Flash Point: 105°F

Odor: petroleum-type

Water/Sun/Weather/Chemical Resistance: excellent

Coverage: up to 300 square feet per gallon

Surfaces Suitable for Application: concrete, masonry, steel

Storage Stability: excellent, but stir or shake container vigorously before use

Thinning: not required; use mineral spirits for clean up

VOC Content: blue @ 501 g/l, white @ 518 g/l, black @ 508 g/l
