

TECHNICAL DATA SHEET

Product Name: HALT ODOR ENCAPSULATOR

Product Number: MARC 85

MARC HALT is a unique product that actually chemically captures and eliminates offensive odors, rather than just covering them up. Due to the unique molecular composition of **MARC HALT**, the action of the product is specific to malodors – pleasant scents are unaffected.

MARC HALT is ready-to-use and works effectively and immediately upon contact, leaving behind a pleasant fragrance. It is safe for virtually all surfaces.
