

TECHNICAL DATA SHEET

Product Name: FOG ELIMINATOR
LIFT STATION TREATMENT

Product Number: MARC 90

Form: Brownish-white powder

Odor: Mild

Bulk Density: 80 pounds per cubic foot

Solubility in Water: virtually 100%

pH in Water: neutral

Bacteria: anaerobic - 7 billion colonies per gram;
aerobic - 5 billion colonies per gram

Enzymes: protease, diastase, lipase, cellulase

Pathogenic: no

Functional Temp. Rng.: 40° to 130°F

Functional pH Range: 4.5 to 10

Effectively Breaks Down: proteins, carbohydrates, starches, fats, oils,
greases, plant material

Flammability/Combustibility: none

Storage Stability: Excellent (keep dry)
