

DESCALES and DISSOLVES SCALE • LIME • RUST

DIRECTIONS: During all applications wear rubber gloves and safety glasses.

IMPORTANT: For use on lavatories (sinks) and chrome fixtures, dilute to ½ strength with water. Do not allow to remain on surface for more than 3 to 4 minutes, then rinse off. Damage may result if not rinsed thoroughly.

HUMIDIFIERS (furnace or manual filled) & **VAPORIZERS:** Dilute **MARC Double Strength Descaler** with one part water. Use cloth or sponge to apply descaler solution to surfaces. When scale is dissolved, flush with water. To descale filters and water belts, dilute one part **MARC Double Strength Descaler** with three parts water in a glass or plastic container. Soak filter or belt for a few minutes or as long as required to dissolve the lime scale; then remove filter or belt and rinse thoroughly with water.

SHOWERS: Dilute one part **MARC Double Strength Descaler** with one part water. Wipe directly on walls and floor with sponge or cloth. Leave set a few minutes and rinse. **(DO NOT LET DESCALER SET ON CHROME FIXTURES.)**

DISHWASHERS: Dilute with one part water and apply with cloth or sponge. After a few minutes put dishwasher through rinse cycle.

HOME EXTERIORS: For brick, metal, or painted wood, dilute one part **MARC Double Strength Descaler** with one part water and apply with sponge or cloth. After a few minutes rinse with hose. **IF SCALE CONDITION IS EXTREME, A SECOND APPLICATION MAY BE NECESSARY.**

NOTE: This product may etch some ceramic tiles, tubs and sinks. If in doubt, test on a small area first. Avoid contact with unfinished wood or clothing. Do NOT use on marble, polished aluminum, metallic glazed surfaces or terrazzo.
