FEATURES

Finishing Touch is an easy-to-use, high gloss detail spray cleaner and wax for use on all types of vehicles - cars, trucks, buses, motorcycles, etc. It is safe to use on all automotive finishes, as well as chrome, plastic trim, tires, rubber, glass, auto interiors, stainless steel, aluminum, other metals, plastics and woodwork. It removes light soils, fingerprints, smudges, insect residue, hard water spots and dust. **MARC Finishing Touch Gloss Detailer** leaves behind a protective high gloss finish. This product has Bag-On-Valve technology, which allows the product to be separate from the propellant, thereby dispensing only liquid. The can may be sprayed evenly from all angles.

DIRECTIONS FOR USE

If vehicle is very dirty, wash and dry it first. Spray **MARC Finishing Touch Gloss Detailer** onto surface, and immediately wipe with a clean, soft cloth (like a MARC 839 Micro Fiber Cloth) for a high luster. Buff to enhance the shine. For tight areas, spray product directly onto microfiber cloth and apply. **NOTE:** Do not use on floor surfaces, foot pedals, steering wheels or windshields. Do not use where the presence of silicone may interfere with the application of coatings.

COMPOSITIONAL INFORMATION

This product is not classified as hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

WARNING: Contains gas under pressure; may explode if heated.

PRECAUTIONARY STATEMENT

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Protect from sunlight. Store in a well-ventilated place.

Read Safety Data Sheet before using.
KEEP OUT OF REACH OF CHILDREN.

R02-23

This container is made with at least 25% recycled steel and may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Check for aerosol can recycling in your area. Use can in accordance with label directions.
