

TECHNICAL DATA SHEET

Product Name: SAF-SOLV

Product Number: MARC 103

Product Description: MARC 103 Saf-Solv is a high-strength non-flammable, non-conductive, non-corrosive solvent cleaner that dissolves and removes grease and grime without damaging parts. It may be used on electrical equipment in operation. MARC Saf-Solv dries fast and leaves no residue. The can features a powerful flush-action valve.

MARC Saf-Solv is also labeled for use as a solvent-based coil cleaner on air conditioning equipment.

For use by industrial operators, air conditioning maintenance, machine shops, boat yards, engine and motor rebuilders, equipment manufacturers, construction companies, school bus barns, etc.

For use on electric motors, relays, mixers, starters, windings, bearings, gears, generators, production machinery, gas/water/electric meters, printing equipment, etc.

Specifications:

Weight Per Gallon:	13.6 pounds
Specific Gravity:	1.61-1.65 @ 77°F (25°C)
Flash Point:	None
Flammability:	Not considered a flammable aerosol
Color:	Clear, colorless liquid
Odor:	Chlorinated solvent
Soluble in Water:	0%
Storage Stability:	Excellent
Dielectric:	29,000 Volts
Petroleum Distillates:	None
Phosphates:	None
VOC Content:	None

R0725
