

TECHNICAL DATA SHEET

Product Name: MOISTURE BARRIER

Product Number: MARC 125

Features

- ▶ Non-Chlorinated
- ▶ Safe Around Plastic and Paint
- ▶ Quickly Cuts Through Rust and Corrosion
- ▶ Demoisturizes
- ▶ Inhibits Corrosion and Electrical Discharge
- ▶ Protects Against Atmospheric and Chemical Corrosion
- ▶ Creates a Waterproof Non-Drying Film
- ▶ Lubricates Parts to Ensure Free and Easy Movement

Use On: Motors-Frozen Nuts & Bolts-Hinges-Screws-Clamps-Linkages-Fasteners
Threaded Parts-Tools-Engine Parts-Motors-Bearings-Gears-Relays
Lug Nuts-Starters-Generators-Molds

For Use By: Auto Mechanics-Servicepersons-Utility Companies-Marine Repair
Industrial Plants-Refineries-Food Plants-Heavy Equipment Companies
Railroads-Trucking Companies-Oil Fields

Specifications

Appearance: brownish liquid in aerosol can

Odor: Solvent

Specific Gravity: 0.833

Weight per Gallon: 7.04 pounds

Dielectric Strength: 39,000 volts

Solubility in Water: slight

Spray Flammability: non-flammable spray
