The safest alternative to using chlorinated solvents for degreasing metal surfaces. Heavy flushing action quickly dissolves and removes grease, grime and oil. High pressure spray penetrates, loosens and lifts soil away. Parts can air dry leaving negligible residue, or be rinsed clean with water.

**USE ON:** Auto Motors, Garbage Cans and Trucks, Dumpsters, Concrete, Masonry, Road, Farm and Construction Equipment to remove grease and grime.

**DIRECTIONS:** Direct actuator at area to be degreased, holding can approximately 8 inches away. Spray liberally. Allow to penetrate grease, tar or grime. For heavy deposits, allow extra time. For stubborn spots, agitate with a brush. Wipe area clean with a damp cloth or rinse thoroughly with water.
