

# TECHNICAL DATA SHEET

**Product Name: WATERMELON  
DRY AIR FRESHENER & DEODORIZER**

**Product Number: MARC 131**

**Description:** MARC 131 Watermelon Dry Air Freshener & Deodorizer is an effective odor control which does not just cover up odors but eliminates offensive odors including tobacco odor and other malodors. This dry-type air freshener has excellent bloom and suspension time, ultra-fine particles for a floating mist, no fall out, no staining and no residue. **MARC 131 Watermelon Dry Air Freshener & Deodorizer** is VOC compliant with less than 30% total VOC content. The premium fragrance and odor counteractant in **MARC 131 Watermelon Dry Air Freshener & Deodorizer** quickly neutralize malodors with industrial and institutional strength even on odors from smoke, decay, urine, feces, solvent, vomit, cooking, animals and more. The light-touch actuator on the can gives effortless pinpoint spray control. When used as directed, this advanced formula will effectively freshen without staining or leaving a residue. Although versatile enough to use virtually anywhere, suggested uses include freshening smoke-filled rooms, fabrics, drapes, bedspreads, carpeting, auto interiors, air conditioners, closets, lockers, chests, shoes, luggage, bathrooms, showers, garbage receptacles, hotel rooms, restaurants, hospitals, apartments, schools, nurseries, fitness centers, basements, animal clinics and nursing homes.

## **Product Specifications:**

FORM: Aerosol  
FLASH POINT: <0°F (liquid portion)  
FRAGRANCE: Watermelon  
COLOR: Clear, colorless  
SPECIFIC GRAVITY: 0.8  
DETERGENCY: None  
STORAGE STABILITY: Several years  
PROPELLANT: Hydrocarbon  
SPRAY CHARACTERISTICS: Very fine mist
