

TECHNICAL DATA SHEET

Product Name: CLOBBER MULTI-PURPOSE INSECTICIDE

Product Number: MARC 134

Features

- Kills lice AND their eggs
- Kills and repels mosquitoes that can carry the Zika virus
- Kills ticks that can cause Lyme disease
- Kills a wide variety of other insects
- Fast-acting
- Use indoors and outdoors
- Four week residual
- Non-staining formula
- VOC-complaint formula
- Contains 0.5% Permethrin

Description

Clobber is a synthetic permethrin-based, fast-acting, flying and crawling multi-purpose insect spray which kills lice and their eggs on car interiors, furniture, bedding, mattresses, etc. Clobber also kills a wide variety of other insects such as mosquitos, ants, cockroaches, crickets, flies, gnats, moths, fleas, ticks, scorpions, centipedes and spiders. It may be used indoors and outdoors, even on plants. Clobber kills instantly and prevents breeding. Spray on visible insects and their hiding places such as cracks, under sinks, behind stoves and refrigerators, doorways, baseboards, etc.

Areas of Use

- Schools • Hospitals • Nursing Homes • Warehouses •
- Office Buildings • Garages • Motels • Hotels •

APPEARANCE: Opaque white liquid in an aerosol can

ODOR: Mild petroleum-type

SPECIFIC GRAVITY: 0.87

WEIGHT PER GALLON: 7.24 pounds

SOLUBILITY IN WATER: Insoluble

ACTIVE INGREDIENT: 0.5% Permethrin

Rev. 09-17
