

TECHNICAL DATA SHEET

Product Name: ULTRA GLAZE
VEHICLE WAX & POLISH

Product Number: MARC 136

Features and Benefits:

MARC 136 Ultra Glaze Vehicle Wax & Polish is a quick and easy to use wax and shine. It restores color and luster to all automotive and other vehicle finishes. It is formulated with carnauba wax and PTFE (polytetrafluoroethylene) to provide the ultimate deep high gloss shine. MARC 136 Ultra Glaze is a fast and easy to use aerosol that sprays on and buffs-out effortlessly to create a hard-shell finish. It is an excellent wax and polish for any vehicle finish that needs reviving, and helps maintain the original factory shine.

- Spray on and wipe off
- Buffs out instantly
- Removes oxidation
