

TECHNICAL DATA SHEET

**Product Name: FLASH OFF
CHOKER & CARBURETOR CLEANER**

Product Number: MARC 149

Description: This powerful combination of concentrated solvents is specially formulated to remove gums, varnish, carbon, dirt and grease deposits that tend to build up on the moving and sealing surfaces of engine carburetors, heat valves, intake manifolds, throttle plates and linkages, air sensors, manifold heat controls, thermostatic coils and PCV valves and linkages. **MARC Flash Off** cleans carburetors to bare metal to maximize performance, and helps free valves, automatic chokes, heat risers and intake parts. Periodic use of **MARC Flash Off** on cars, trucks, airplanes, boats, lawnmowers, etc., will keep engines clean, fuel-efficient and trouble free, with improved overall performance, acceleration and gas mileage, and the elimination of rough idling and stalling. It dissolves deposits instantly with a powerful flushing action. **MARC Flash Off** is formulated for high performance without the use of ozone depleting chlorinated solvents. It contains no alcohol, lead or silicone, and will not harm oxygen sensors, catalytic converters or fuel injectors.

Product Specifications:

Net Wt. per 20 Oz. Can:	12 Ounces
General Appearance:	Clear Liquid
Color:	Colorless
Odor:	Aromatic Solvent
Solubility in Water:	Nil
Weight per Gallon:	7.03 Pounds
VOC Content:	42.4%
Flash Point:	below 73°
Spray Pattern:	Blasting Stream
Flammability:	Extremely Flammable per CPSC Flame Projection Test

R0820
