

TECHNICAL DATA SHEET

Product Name: COIL CLEANER PLUS

Product Number: MARC 153

DESCRIPTION: MARC Coil Cleaner Plus is a next-generation hygienic coil cleaner designed to purify evaporator and condenser coils and fins as it cleans and deodorizes. The proprietary quaternary ammonium chloride compound formulation will help to open up restricted air flow due to build up on the coil surface, increase heat transfer, reduce head pressure and optimize system efficiency when the condenser and evaporator coils are cleaned on a regular basis. MARC Coil Cleaner Plus helps improve indoor air quality and aids in the breakdown of cold water slim in the pan.

APPLICATIONS: For use in hotels, motels, factories, schools, hospitals, homes, office buildings, air conditioner services and auto repair shops. Use MARC Coil Cleaner Plus on refrigeration and freezer coils, residential and commercial air conditioning units and R/V and automobile A/C units.

FEATURES:

- Intense Foaming ▪ Fast Acting ▪ Deep Penetration ▪ Cleans & Deodorizes ▪
 - Promotes Heat Transfer ▪ Non-Rinsing on Evaporator Coils ▪
 - Optimizes System Efficiency ▪ Enhances Air Quality ▪ Non-Acid ▪

SPECIFICATIONS:

FORM: Water Base Aerosol Foam	FLASH POINT: Under 73°F
FRAGRANCE: Mint	VOC DENSITY: 0.98 pounds per gallon
COLOR: White	SOLUBILITY IN WATER: 100%
DETERGENCY: Strong	SPECIFIC GRAVITY: 0.98
WEIGHT PER GALLON: 7.81 pounds	VOC Content: 12.51%
WETTING ABILITY: Saturates	pH: 13
STORAGE STABILITY: 1 Year +	PROPELLENT: Hydrocarbon
COLD STABILITY: 32°F	EVAPORATION RATE: Slower than Ether
PHOSPHATES: None	BIODEGRADABILITY: Yes

R0121
