

COIL CLEANER

PLUS

HYGIENIC COIL CLEANER

CLEANS EVAPORATOR/CONDENSER
COILS & FINS

Contains Quaternary
Ammonium Compound

Intense Foaming
Fast Acting
Deep Penetration
Cleans & Deodorizes
Promotes Heat Transfer
Non-Rinsing on Evap Coils
Optimizes System Efficiency
Enhances Air Quality
Non-Acid

WARNING:

CONTENTS UNDER PRESSURE. HARMFUL OR FATAL IF INHALED OR SWALLOWED. EYE AND SKIN IRRITANT. Carefully read cautions on rear panel.

NET WT 19 OZ (538 GRAMS) **M-153**

SOLD BY:

MID-AMERICAN RESEARCH CHEMICAL CORP.

P. O. BOX 927

COLUMBUS, NE 68602-0927

800-228-8508

FEATURES

MARC Coil Cleaner Plus is a next-generation hygienic coil cleaner designed to purify the coil as it cleans and deodorizes. The proprietary quaternary ammonium compound formulation will help to open up restricted air flow due to build up on the coil surface, increase heat transfer, reduce head pressure and optimize system efficiency when the condenser and evaporator coils are cleaned on a regular basis. **MARC Coil Cleaner Plus** helps improve indoor air quality and aids in the breakdown of cold water slime in the pan. For use in hotels, motels, factories, schools, hospitals, homes, office buildings, air conditioner services and auto repair shops. Use **MARC Coil Cleaner Plus** on refrigeration and freezer coils, residential and commercial air conditioning units and R/V and automobile A/C units.

DIRECTIONS

1. Turn off A/C unit prior to cleaning.
2. Shake can thoroughly before use.
3. Coat the entire surface with **MARC Coil Cleaner Plus**, positioning the can 6 to 8 inches from surface.
4. Let **MARC Coil Cleaner Plus** sit for up to 5 minutes, depending on severity of buildup on the surface to be cleaned. See how **MARC Coil Cleaner Plus** breaks down dust, dirt, grease, etc. as the expanding foam begins to work.
5. Turn on the A/C unit. No rinsing is required on the evaporator coil, as condensation will remove debris. On the condenser coil a final rinse with water is required. Make sure to rinse the entire surface thoroughly, removing all product and debris.

CONTAINS: Water, Ethylene glycol monobutyl ether, Butane, Isobutane, Propane, Isopropyl Alcohol, Sodium Metasilicate

PRECAUTIONS

WARNING: Contents under pressure. Exposure to heat may cause bursting. Do not spray directly into open flames or hot surfaces, as contents will decompose and produce toxic gases. Do not spray near heat, sparks, or open flame. Do not puncture, incinerate or store above 120°F (49°C). Avoid prolonged exposure to sunlight. Vapor harmful. Use in well ventilated area. Avoid breathing of vapor or spray mist and prolonged contact with skin. Deliberately concentrating the contents to sniff the vapors may be harmful or fatal.

FIRST AID: Harmful or fatal if swallowed. If swallowed, do not induce vomiting. CALL A PHYSICIAN IMMEDIATELY. For skin contact, wash with soap and water. Provide oxygen or fresh air if overcome by vapor. In case of contact with eyes, wash and flush thoroughly with water for 15 minutes. Contact a physician.

KEEP OUT OF REACH OF CHILDREN.
