

TECHNICAL DATA SHEET

**Product Name: CINNAMON
METERED DEODORIZER**

Product Number: MARC 169

Description: MARC 169 Cinnamon Metered Room Deodorizer has excellent bloom and suspension time, ultra fine particles, no fall out and no residue. This product achieves the incredibly dry spray without using ozone depleters; it contains less than 30% total VOC content. M-169 Cinnamon Metered Room Deodorizer quickly neutralizes malodors with industrial and institutional strength even on smoke, decay, urine, feces, solvent, vomit, cooking, animal odors and more. Also featured is a universal, non-proprietary actuator for use in most time-dispense machines. The metered valve delivers precise spray volumes in an ultra fine mist to effectively freshen rooms up to 6,000 cubic feet. Although versatile enough to use virtually anywhere, suggested uses include freshening bath and washrooms and restrooms, showers and garbage receptacle areas, in hotels, restaurants, hospitals, apartments, schools, nurseries, fitness centers, commercial and institutional buildings, animal clinics, nursing homes and more.

Product Specifications:

Classification:	Aerosol Metered Dry-Type Room Deodorizer
Net Weight per Can:	7.25 ounces
Appearance:	Clear Liquid Aerosol Mist
Color:	Colorless
Fragrance:	Cinnamon
VOC Content:	Under 30% (compliant)
Spray Type:	Dry Mist
Sprays per Can:	3,800
