

TECHNICAL DATA SHEET

**Product Name: OCEAN BREEZE
ROOM DEODORIZER – METERED AEROSOL**

Product Number: MARC 171

Description: **M-171 Ocean Breeze Room Deodorizer** metered aerosol has excellent bloom and suspension time, ultra-fine particles, is fast drying and long-lasting and has no fall out, no staining and no residue. The industrial and institutional strength of **M-171 Ocean Breeze** quickly neutralizes malodors such as those from smoke, decay, urine, feces, solvents, vomit, cooking, garlic, onions, fish, ammonia, animals and more, leaving a pleasant scent. The can features a universal, non-proprietary actuator for use in most available time-dispense machines, including the **MARC Metered Aerosol Dispenser**. The metered valve delivers precise spray volumes in an ultra-fine mist to automatically and effectively freshen rooms up to 6,000 cubic feet. One can will keep an area constantly deodorized for up to 30 days. Although versatile enough to use virtually anywhere, suggested uses include freshening restrooms, bathrooms, washrooms, showers and garbage receptacle areas in hotels, motels, restaurants, kitchens, hospitals, apartments, schools, nurseries, fitness centers, commercial and institutional buildings, animal clinics, nursing homes and more. **M-171 Ocean Breeze Room Deodorizer** complies with all VOC regulations, and contains no ozone-depleting ingredients.

Product Specifications:

Net Weight per Can:	7.25 ounces
Specific Gravity of Liquid:	0.77 – 0.79
Pounds per Gallon:	6.4 – 6.6
General Appearance:	Clear Liquid Spray
Color:	Colorless
Odor:	Fresh Scent
Flash Point:	<100°F
pH:	N/A
VOC Complaint:	Yes
Contains Odor Counteractant:	Yes
Spray Pattern:	Very Fine Mist, Short Burst

R0323
