

TECHNICAL DATA SHEET

Product Name: PIÑA COLADA ROOM DEODORIZER - METERED

Product Number: MARC 172

Description: This metered air freshener is the next generation of air care products formulated without CFC's, HCFC's, or any other ozone depleters. The unique formulation contains no actual or suspected carcinogens and has low VOC's to meet the national VOC guidelines for this product class. In addition, **MARC 172 Piña Colada** introduces the latest in odor counteractants. This revolutionary additive does more than just cover odors or numb human odor sensing facilities. It is a unique combination of ingredients assembled to alter and destroy such odors as smoke, decay, urine, feces, solvent, vomit, cooking, animal, and more.

Also featured is a new non-proprietary actuator for use in most available time dispense machines. The metered valve delivers precise spray volumes in an ultra fine mist to effectively freshen rooms up to 6,000 cubic feet. Although versatile enough to use virtually anywhere, suggested uses include freshening bath and washrooms, showers and garbage receptacle areas, in hotels, restaurants, hospitals, apartments, schools, nurseries, fitness centers, commercial and institutional buildings, animal clinics, nursing homes and more.

Product Specifications:

Wt./12 oz. Can:	7.25 ounces
Classification:	Aerosol Dry-Type Air Deodorizer
General Appearance:	Clear, Dry
Color:	Colorless
Fragrance:	Pina Colada
pH:	N/A
Vapor Pressure At 70° F:	70 psig
Spray Pattern:	Dry Mist

R0921
