## All Purpose Dry Lubricant & Release Agent

**Advanced Technology Powdered PTFE**

**Ultra Dry Colloidal Suspension**

**Resists Water Wash-Out**

**Non-Ozone Depleting - Non-Greasy**

**No Silicone - No Chlorinated Solvents - No Hexane**

**DANGER: EXTREMELY FLAMMABLE AEROSOL. CONTAINS GAS UNDER PRESSURE; MAY EXPLODE IF HEATED. MAY BE FATAL IF SWALLOWED AND ENTERS AIRWAYS. MAY CAUSE CANCER. MAY CAUSE GENETIC DEFECTS. CAREFULLY READ PRECAUTIONS ON REAR PANEL.**

**NET WT 11 OZ (311 g)**

**M-173**

## ALL PURPOSE DRY LUBRICANT & RELEASE AGENT

A chemically inert, non-oily, fast-drying lubricant and release agent made with an extremely fine Polytetrafluoroethylene powder.

Features outstanding microscopic film-forming properties and resists temperatures up to 500°F after carrier dissipates.

A low odor, non-staining coating that is more slippery than silicone, graphite or oil. Excellent for reducing low speed friction.

The dry film is not affected by most chemicals. When used as a release agent, unlike silicone products, this product easily separates the molded part and allows ease of clean up for post-decorating without adversely affecting the painting of the surface.

### DIRECTIONS:

Shake can vigorously for one minute after mixing ball begins to rattle. Spray in a light even coat allowing the lubricant to dry to a white powder. Apply a heavier film or additional applications if more lubricity is desired. For extended usage, reapply periodically. For hard to reach areas or more controlled spray, insert extension tube provided.

Contains VM & P Naphtha (CAS#64742-49-0), Petroleum gases, liquefied, sweetened (CAS#68476-86-8), n-Heptane (CAS#142-82-5), Polytetrafluoroethylene (CAS#9002-84-0).

DANGER: Extremely flammable aerosol. Contains gas under pressure; may explode if heated. May be fatal if swallowed and enters airways. May cause cancer. May cause genetic defects.

### PRECAUTIONARY STATEMENT:

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves, protective clothing, eye protection and face protection. IF SWALLOWED: Immediately call a POISON CENTER or doctor. Do NOT induce vomiting. IF exposed or concerned: Get medical attention. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Store locked up. Store in a well-ventilated place. Dispose of contents and container in accordance with local, regional, national and international regulations.

**Read Safety Data Sheet before using.  
KEEP OUT OF REACH OF CHILDREN!
