

## TECHNICAL DATA SHEET

**Product Name: RUST ELIMINATOR**

**Product Number: MARC 179**

**Product Description:** MARC Rust Eliminator is a one-step rust converter and corrosion neutralizing spray with a built-in primer. It chemically neutralizes rust on metal surfaces, and converts rust to a tough, black, long-term protective coating. MARC Rust Eliminator prolongs the life of any ferrous metal such as iron or steel. It can be painted over after curing.

**FOR USE ON:**

- Bottling & Packaging Equipment • Tanks • Pipes • Valves • Fittings • Tools • Motor Housings •
- Metal Casting • Fences • Parking Meter Posts • Guard Rails • Playground Equipment •
- Agricultural Equipment • Construction Equipment • Furniture • Vehicles • Trailers •

**FOR USE BY:**

- Municipalities • Utilities • Factories • Industrial Plants • Refineries • Fleet Operations •
- Chemical Plants • Paper Mills • Shipyards • A/C Companies • Equipment Overhauleders •

**FEATURES:**

- No Major Surface Preparation Needed
- Eliminates Need for Scraping or Sand Blasting
- Forms a Tough, Resistant, Black Coating
- Can Be Painted After Curing
- Stops Rust - Prevents Future Rusting
- One Step Rust Neutralizer & Metal Primer
- Non-Flammable when Dry
- Prevents Rust

**PRODUCT INFORMATION:**

Specific Gravity: 0.8

Weight per Gallon: 6.68 pounds

Application Temperature: 50° to 90°F

Coverage per Can: Approximately 20 square feet

Time to Recoat (at 72°F, 50% humidity, 1.5 mil thickness): 24 hours

Heat Resistance: 250°F

Durability: Excellent

Resistant to Gasoline: Yes

Gloss: Flat

Rev. 03-16
