TECHNICAL DATA SHEET

Product Name: **STRIPING PAINT - WHITE**
Product Number: **MARC 180**

Features: This is a superior formulation for line striping. It features quick and easy application to soil, grass, gravel, concrete, blacktop and most other surfaces. It has good hide with one application. Because of its universal spray head, MARC Striping Paint is compatible with almost all four-wheeled striping machines. MARC has an applicator available.

Suggested Uses:
Streets – Crosswalks – Parking Stalls – Football Fields
Baseball Fields – Track Marking

Properties:
Flammability: Flammable
Flash Point: -4°F Specific
Gravity: 0.83
Weight per Gallon: 6.93
Solids Content: approx. 31%
VOC Content: approx. 49%
Storage Temperature: 40°F to 100°F
Application Temperature: 50°F to 90°F
Durability: Excellent
Abrasion Resistance: Excellent
Freeze/Thaw Stability: Excellent
Stripe Width: 2” to 5" wide
One Can will Stripe: 250 linear feet
Dry Time (at 72°F and 50% humidity) to touch: 15 minutes Dry Time (at 72°F and 50% humidity) to traffic: 60 minutes
Dry Film Thickness: 1.5 mil
Gloss (60°): Flat
Net Contents per Can: 18 ounces (511 grams)
Shipping Classification: Paint

R0626
