MARC 188 A/C LOK-TABS

Specifications

Appearance: gel-forming tablets

Tablet Size: 1 3/4" in diameter, 1/2" thick, weight = 3/4 oz.

Color: yellow

Odor: mild

Specific Gravity: 0.981 @ 50% aqueous solution

pH: 6.8 to 7.8 in water

Chlorine Content: none

Solubility in Water: complete

Flash Point: none

Freeze/Thaw Stability: excellent

Storage Stability: excellent

Composition: quaternary ammonium chloride compounds

Use Rate: 1 gel-tablet per cooling unit up to 5 tons
