

FEATURES

This powerful laundry detergent utilizes the newest developments in detergent chemistry to provide the best cleaning available. The super concentrated formula contains anionic and non-ionic surfactants to clean tough grease and soil, stain removers and the finest optical brighteners and fabric softeners. Special water softening ingredients assure the best performance even in very hard water. It gives laundry that "like new" brightness and the softness and fresh scent you expect.

DIRECTIONS

This detergent is a super concentrate. For top loading washers, use 1/4 cup for a 10 to 12 pound load of normally soiled clothes. Front loading washers hold smaller loads and may require less detergent.
