

TECHNICAL DATA SHEET

Product Name: BIO-ZYME CLEANER/SPOTTER

Product Number: MARC 226

MARC 226 contains fast acting, specially cultivated non-pathogenic enzyme-producing bacterial strains and detergents to break down and deodorize organic soils in carpets and fabrics and on other surfaces. It is ready-to-use.

LOW ENVIRONMENTAL IMPACT: a neutral, non-corrosive, non-flammable, phosphate free, biodegradable, low VOC formulation addresses users' concern for safe, environmentally conscious cleaning procedures for a new generation.

SPECIFICATION DATA:

1. Specific Gravity.....1.0
2. Weight per Gallon.....8.34 pounds
3. pH.....7.0-9.0 (neutral)
4. Phosphates.....None
5. VOC's.....1.8%
6. Biogradable.....Yes
7. Flashpoint.....None
8. Color.....Light Yellow
9. Fragrance.....None
10. Foaming.....Moderate
11. Stability.....Excellent
