

TECHNICAL DATA SHEET

Product Name: **CITRA-CLEAN**
LIFT STATION MAINTAINER

Product Number: **MARC 228**

Keeps lift station surfaces free of grease. As waste water levels rise and fall, heavy grease deposits are deposited on lift station walls. MARC CITRA-CLEAN coats the walls and surfaces of the lift station to remove heavy grease accumulations quickly and safely. The special non-emulsifying formula floats on the surface of the water, so it continues to remove deposits as the water level changes.

Use in Lift Stations: Keeps walls, pumps and hoses clean and functioning properly.

Effective Against:

* Floating grease balls * Heavy oil accumulation * Annoying odors

Features and Benefits:

- Floats on the surface so it will rise and fall with the level of the wastewater
- Quickly dissolves heavy grease and fat accumulations in a lift station
- Creates an odor absorbing barrier to control odors and leaves a pleasant citrus scent
- Will not interfere in lift station bacteria

Properties:

Appearance.....	Clear liquid
Fragrance.....	Citrus scent
Specific gravity.....	0.81
Weight Per Gallon.....	6.8 pounds
Flash Point.....	110° F
Solubility in water.....	Insoluble
Stability.....	Excellent

Active Ingredients:

Orange Terpenes
Petroleum Hydrocarbon Solvent
