

FEATURES

MARC XTRACTOR is specifically formulated for use in carpet extraction cleaning machines. It has a special combination of ingredients to deep clean carpet fibers. Low foam surfactants prevent build-up of foam in the return tank. It will not corrode metal parts on the machine, and contains no solvents.

DIRECTIONS FOR USE

IMPORTANT - Test a small area of carpet first to determine that it is colorfast and will not be harmed by cleaning.

Vacuum carpet thoroughly. Pre-spot as required using MARC 157 Spot Out or MARC 208 Bacterizer.

Use **MARC XTRACTOR** at the rate of 1 to 2 ounces per gallon of water. Hot water is preferred, but warm water may be used. Make three passes over each section of carpet to assure thorough cleaning. Avoid excessive wetting of carpet.
