

TECHNICAL DATA SHEET

Product Name: DAZZLE CREAM CLEANER

Product Number: MARC 249

Description: **MARC Dazzle Cream Cleaner** is an extra-thick ready-to-use blend of detergents, oxygen bleach and mild jeweler's grade microscopic abrasive particles to clean and deodorize all types of hard surfaces without scratching. It removes buildups usually cleaned only by harsh abrasives, yet is mild enough to be used on chrome, porcelain, Formica®, etc. The great fresh mint fragrance deodorizes as it cleans. Dazzle does not separate in storage, and rinses off freely.

Use On: Counter tops, tile, fine porcelain, copper, drinking fountains, floors, brass, vinyl, fiberglass, aluminum, stainless steel, alloy wheels, chrome, bumpers, tubs, showers, sinks.

Recommended for Use By: Schools, country clubs, institutions, athletic clubs, hospitals, public buildings, nursing homes, office buildings, car washes, government buildings, garages, manufacturing plants, restaurants, factories, cafeterias, churches, shopping malls, airports, supermarkets, hotels, motels, show rooms.

Features and Benefits:

Ready-to-Use Convenient
Does Not SeparateImproved Performance
Cleans Without Scratching . . .Safe on Surfaces
Fresh Mint FragrancePleasant to Use
Versatile Ease of Use

Product Properties:

COLOR: white-grey
FRAGRANCE: mint
pH: 1.4-2.0
SPECIFIC GRAVITY: 1.250
WEIGHT PER GALLON: 10.43 pounds
FOAMING: moderate
DETERGENCY: excellent
