

TECHNICAL DATA SHEET

Product Name: POLYURETHANE WOOD SEAL

Product Number: MARC 258

Form: liquid

Odor: solvent

Color: clear light yellow

Product Type: oil-modified polyurethane

Specific Gravity: 0.88

Weight per Gallon: 7.3 pounds

Viscosity: low

Coverage: 350 to 500 square feet per gallon

Typical Drying Time: 6 to 8 hours

Flash Point: 104°F

Non-Volatile Solids Content: 30%

VOC Content: 615 grams per liter

Gloss: high

Durability: excellent

Storage Stability: excellent

Freezability: will not freeze
