

## FEATURES

**MARC Auto-Power Neutral Floor Cleaner** is a heavy-duty concentrated liquid especially formulated for use in auto-scrubbing machines. It quickly and easily dissolves in water, and therefore will not plug up filters or screens. **MARC Auto-Power** efficiently removes even heavy dirt, grease and soils.

Because **MARC Auto-Power** has a neutral pH, it will not harm, strip or dull waxes or floor finishes. Buffing after use will actually enhance the shine on the floor. **MARC Auto-Power** may also be used to auto-scrub oil-based and water-based polyurethane gym floor finishes.

Although **MARC Auto-Power Neutral Cleaner** is designed for use in automatic floor scrubbing machines, it can also be used in manual damp mopping operations.

Although **MARC Auto-Power** does not need to be rinsed at the normal use-dilution, when hand mopping, maintenance personnel should pick up the soiled water and change the solution as needed to avoid redistributing soil on the floor.

HMIS/NFPA Ratings: Health-0, Flammability-0, Reactivity-0.

MADE IN USA.

## DIRECTIONS

*For Normal Soil and for Auto-Scrubber Use:* Dilute one part **MARC Auto-Power Neutral Floor Cleaner** with 32 to 64 parts of water, or two to four ounces per gallon of water. Scrub floor with machine, picking up the dirty solution on the floor. If using a hand mop, allow solution to remain on the floor a few minutes and then pick up with a mop or wet vac. Buffing the floor after cleaning will rejuvenate the shine.

*For Cleaning Heavy Soils by Damp Mopping:* Dilute one part **MARC Auto-Power** with 20 to 32 parts of water, or four to six ounces per gallon of water. Pick up solution and rinse floor thoroughly with clean water. Floor may be buffed afterwards.

**WARNING:** Contains detergent blend and glycol ether. Causes eye and skin irritation. Do not take internally. Store in original container. Wear eye and face protection. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. IF SWALLOWED: Call a Poison Center or doctor/physician if you feel unwell. Rinse mouth. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention. IF ON SKIN: Wash with plenty of water. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse. Dispose of in accordance with local, state and national regulations.

**KEEP OUT OF REACH OF CHILDREN!**
