

## TECHNICAL DATA SHEET

**Product Name:** ONCE OVER

**Product Number:** MARC 272

**Description:** A high performance floor stripper. A highly active, fast acting, emulsifying stripper, specifically designed for quick and easy removal of multiple layers of finish. Once over has super stripping efficiency that translates into enormous labor savings. Its low foaming formulation insures a quick clean up.

- **A HIGH CONCENTRATION OF POWERFUL STRIPPING INGREDIENTS**
- **QUICK STRIPPING-ULTIMATE LABOR SAVING FEATURES**
- **CONTAINS NO CAUSTIC SODA OR CAUSTIC POTASH OR AMMONIA**
- **LOW FOAMING**

**Uses:** For the quickest removal of floor finishes and waxes. Can be used on vinyl, linoleum and nonresilient floors such as: terrazzo, marble, ceramic or quarry tile.

### **Directions:**

Normal stripping – mop on, vac off, dilute 1:8 (approx. 1 gallon per bucket of water).

Heavy Duty Stripping – for heavy build-up dilute 1:4 or 1:2

Machine Stripping – dilute 10 to 16 parts water to 1 part stripper

Rinsing – not necessary if picked up with wet vac. If floor is not thoroughly clean and dry, a rinse may be required using MARC 245 Neutralizing Agent.

<b><u>Specifications:</u></b>	Form:	Clear, water white liquid
	pH	12
	Specific Gravity	0.976
	Wt. Per gallon	8.1 pounds
