

# TECHNICAL DATA SHEET

**Product Name: CARPET SPOTTING TOWELS**

**Product Number: MARC 283**

**Description:** MARC 283 Carpet Spotting Towels quickly and easily remove spots, spills, stains and odors from carpet and upholstery in one simple step. MARC 283 Carpet Spotting Towels combine a powerful carpet cleaner formula with live waste-digesting bacteria in a strong convenient pre-moistened towel which works on both fresh spills and a variety of spots and stains. The full-size heavy-duty towel wipes out tough spots without leaving soil-attracting residue behind. When applied, the cleaning agents immediately start to remove soils from the carpet and upholstery fibers while the bacteria consume any organic matter. MARC Carpet Spotting Towels deodorize as they clean, leaving a pleasant fragrance. They are safe for use on a variety of carpets and upholstery (always test on an inconspicuous area before use).
