

FEATURES

MARC Super Concentrated Glass Cleaner contains isopropyl alcohol to insure fast drying plus other special solvents and surfactants which make windows and other glass surfaces sparkle and shine. It makes smoke, grease and grime disappear without a streak or smudge. This super concentrate is especially formulated for use in dispensers such as the **MARC Docking Station**.

Use on: Windows – Mirrors – Stove Tops – TV Screens – Refrigerators – Showcases – Plastic and Ceramic Tile – Chrome – Metal – Porcelain.

MARC Super Concentrated Glass Cleaner seals the pores of hard surfaces such as glass, metal, Formica, stainless steel, chrome, ceramic tile or plastic tile. This makes surfaces remain free of fingerprints, dirt and dust for much longer periods of time.

DIRECTIONS

MARC Super Concentrated Glass Cleaner may be diluted with water at the rate of one part product in ten parts water (12 fluid ounces per gallon). Use short strokes to spray a fine mist of MARC Super Concentrated Glass Cleaner. Clean with paper towel or lint-free cloth. For best results use two towels, one for drying and one for polishing. **IMPORTANT:** Will spray properly until temperatures go below +20°F.

HMIS/NFPA Ratings: Health-1, Flammability-3, Reactivity-0.

MADE IN USA.

DANGER: Contains isopropyl alcohol and glycol ether. Flammable liquid and vapor. May cause drowsiness or dizziness. Causes serious eye irritation. May cause skin and respiratory irritation. May be harmful if swallowed. Read label before use. If medical advice is needed, have product container or label at hand. Keep away from heat, sparks, open flames and other ignition sources. No smoking. Use only non-sparking tools. Take precautionary measures against static discharge. Keep container tightly closed. Wear protective gloves and eye protection. Avoid breathing vapors and mists. Wash skin thoroughly after handling. Use only outdoors or in a well-ventilated area. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If irritation persists, seek medical attention. **IF ON SKIN:** Take off immediately all contaminated clothing. Rinse skin with water. If skin irritation or rash occurs, seek medical advice. Wash contaminated clothing before reuse. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. **IF SWALLOWED:** Call a POISON CENTER or seek medical advice if you feel unwell. In case of fire: Use dry sand, dry chemical, alcohol-resistant foam, carbon dioxide or an extinguishing blanket for extinction. Store locked up in a cool, dry, well-ventilated area. Dispose of contents in accordance with all applicable local, regional and national regulations. **KEEP OUT OF REACH OF CHILDREN!**
