FEATURES

SAFEGUARD Silicone Cleaner & Protector beautifies and protects glass and many other surfaces. It guards against dust, dirt, fingerprints, smudges, and marks. It gives surfaces water repellency and luster. Regular use will make cleaning easier, and surfaces will stay cleaner longer.

DIRECTIONS

Spray lightly on surface; do not overuse. Clean and polish with a soft, dry cloth or paper towels. Extremely soiled surfaces should be pre-cleaned. Additional applications and buffing will enhance protection and shine. NOTE: Overspray may make floor slippery. Avoid use on wood furniture. Do not use on windshields. Store above freezing.

DANGER: Contains isopropanol and glycol ether. Flammable liquid and vapor. Causes eye irritation. May cause skin irritation. May be harmful if swallowed. Keep away from heat, sparks, open flames and other ignition sources. No smoking. Use only non-sparking tools. Take precautionary measures against static discharge. Keep container tightly closed. Wear protective gloves and eye protection. Avoid breathing vapors and mists. Wash skin thoroughly after handling. Use only in a well ventilated area. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If irritation persists, seek medical attention. **IF ON SKIN:** Take off immediately all contaminated clothing. Rinse skin with water. If skin irritation or rash occurs, seek medical advice. Wash contaminated clothing before reuse. If inhaled: Remove victim to fresh air and keep at rest in a position comfortable for breathing. **IF SWALLOWED:** Call a POISON CENTER or seek medical advice if you feel unwell. In case of fire: Use dry sand, dry chemical or alcohol-resistant foam for extinction. Store locked up in a cool, dry, well-ventilated area. Dispose of contents in accordance with all applicable local, regional and national regulations.

KEEP OUT OF REACH OF CHILDREN!
