

TECHNICAL DATA SHEET

Product Name: AQUATIC WEED PICKER

Product Number: MARC 414

Description: **MARC 414 Aquatic Weed Picker** is a concentrated non-selective, non-residual herbicide for both terrestrial (land) uses and also for aquatic uses. It controls all vegetation without leaving a residual. For aquatic uses, **Aquatic Weed Picker** works on marginal, floating and submerged weeds and also on algae. For best results, add MARC 19 Wetting Agent to enhance the herbicidal activity. Spray the entire plant for full coverage and thorough contact. **Aquatic Weed Picker** works through the foliage of plants, blocking the process of photosynthesis. Effects are visible in a few days. It is inactivated on contact with soil or muddy water.

Product Specifications:

Active Ingredient:	4.35% Diquat Dibromide
Classification:	Liquid herbicide
General Appearance:	Clear liquid
Color:	Light yellow
Odor:	None
pH:	6 to 8
Specific Gravity:	1.0
Weight per Gallon:	8.3 pounds
Flash Point:	None

Rev. 0216
