

TECHNICAL DATA SHEET

Product Name: Natural Spray Buff Hawg Hair Pad

Product Number: MARC 801

Description: The **MARC 801 Natural Spray Buff Hawg Hair Pad** is constructed of blended polyester and a high percentage of natural Hawg Hair fibers in a textured nonwoven fabrication.

Properties:

<i>Property</i>	<i>Value</i>
Thickness	1.1 inches 28 mm
Weight	30 osy (ounces per square yard) 1,017 gsm (grams per square meter)
Fiber Type	Recycled Polyester and Natural Hawg Hair
Binder System	Cross-linkable Water-based
Binder Application	Spray/Dip
Abrasive Application	N/A
Abrasive	N/A
Color	White/Black Blend
Pack	5 per case

Use: This pad is used to burnish floor finish to a high gloss; recommended for use on medium to hard finishes. It is excellent for frequent and heavy-duty burnishing, and is ideal for use on floor machines with speeds up to 3,000 rpm. This is our most aggressive Hawg Hair pad.

Construction: The **MARC 801 Natural Spray Buff Hawg Hair Pad** is made of 100% recycled polyester fibers and natural Hawg Hair fibers with water-based resins. This pad has been designed for use on both sides. Polyester fiber used in our pads comes from 100% post-consumer and industrial recycled waste product. Water-based latex resins are used in the manufacturing process. No phenol-formaldehyde resins are used in the binding process. Shipping cartons contain at least 45% recycled material.

Directions for Use: Dust mop floors prior to burnishing. Use pad until finish has a high gloss. Dust mop again to remove dust from burnishing.
