

# TECHNICAL DATA SHEET

## Product Name: Grey-Brown Gloss Boss Hawg Hair Pad

## Product Number: MARC 813

**Description:** The MARC 813 Grey-Brown Gloss Boss Pad is constructed of blended polyester and a moderate amount of natural Hawg Hair fibers in a textured nonwoven fabrication.

### Properties:

Property	Value
Thickness	1 inch 28 mm
Weight	31 osy (ounces per square yard) 1,051 gsm (grams per square meter)
Fiber Type	Recycled Polyester and Natural Hawg Hair
Binder System	Cross-linkable Water-Based
Binder Application	Spray/Dip
Abrasive Application	N/A
Abrasive	N/A
Color	Gray/Black Blend
Pack	5 per case

**Use:** This pad is used to burnish/polish floor finish to a high gloss, and contains a moderate amount of Hawg Hair. It is recommended for use on hard finishes, and ideal for use on floor machines with speeds up to 3,000 rpm, and for ultra-high speed (UHS) burnishing. It is a moderately aggressive pad.

**Construction:** The MARC 813 Grey-Brown Gloss Boss Hawg Hair Pad is made of 100% recycled polyester and natural Hawg Hair fibers with water based resins. This pad has been designed for use on both sides. Polyester fiber used in our pads comes from 100% post-consumer and industrial recycled waste product. It is formulated to biodegrade in a fraction of the time that it takes conventional floor pads once discarded into an active landfill. Water-based latex resins are used in the manufacturing process. No phenol-formaldehyde resins are used in the binding process. Shipping cartons contain at least 45% recycled material.

**Directions for Use:** Dust mop floors prior to burnishing. Use pad until finish has a high gloss. Dust mop again to remove dust from burnishing.
