

TECHNICAL DATA SHEET

Product Name: Maroon X Extreme Gym Conditioning Pad

Product Number: MARC 826

Description: The **MARC 826 Maroon X Extreme Gym Conditioning Pad** is constructed of synthetic fibers in a textured nonwoven fabrication. Abrasive particles are distributed uniformly throughout the pad and adhered to the nonwoven construction with a sturdy adhesive for less swirl marks.

Properties:

| <i>Property</i> | <i>Value</i> |
|----------------------|---|
| Thickness | 0.31 inch 8 mm |
| Weight | 31 osy (ounces per square yard) 1,051 gsm (grams per square meter) |
| Fiber Type | Synthetic |
| Binder System | Thermosetting Resins |
| Binder Application | Spray/Dip |
| Abrasive Application | Spray/Dip |
| Abrasive | Yes |
| Color | Dark Maroon |
| Pack | 10 per case |

Use: This extra-heavy-duty pad is used for preparation for recoating and cleaning of wood floors. It may be used wet or dry.

Construction: The **MARC 826 Maroon X Extreme Gym Conditioning Pad** is constructed of synthetic fibers and thermosetting resins that will not be notably affected by water or cleaners used in standard floor maintenance. The high abrasive content gives faster and more consistent results; tighter web construction results in more abrasive points of contact to the floor; the enhanced binder system gives improved abrasion adhesion for longer more economical pad life.

Directions for Use: Dust mop or sweep floor to make sure it is free of dust and debris. Use the **MARC 826 Maroon X Extreme Gym Conditioning Pad** to produce a scuff pattern on floor's surface. Pick up the residual dust generated or water with a mop, wet vacuum or auto scrubber. Rinse the floor and let dry prior to recoating.
