

MARC 834 CANVAS-BACKED MICROFIBER DUST MOPS

- Have all the benefits of microfiber without having to replace standard frames and handles
- Cut-end microfiber with fringe to pick up larger particles of dust and trash
- Poly/canvas backed microfiber mops attract and hold dust that cotton mops leave behind
- Canvas backing is color coded by size – green = 24 inch, red = 36 inch, gray = 60 inch
- The mop attracts dust electrostatically and requires no treatment
- Envelope style backing eliminates problems created by ties or snaps while still using traditional 5" dust mop frames
- Extra padding in the mop allows for complete surface contact

Use with MARC Dust Mop Handle (-DMH) and 24", 36" or 60" Wire Dust Mop Frame (-DMWF24, -DMWF36, -DMWF60)
