TECHNICAL DATA SHEET

PRODUCT NAME: BULLDOG TOWELS

PRODUCT NUMBER: MARC 845

MARC 845 Bulldog Towels are high performance towels. They are extremely absorbent, virtually lint-free and chemically pure. They contain no binders or contaminants.

Designed for cloth-like strength when used wet or dry, these towels also wipe surfaces completely dry. Bulldog Towels are highly resistant to solvents, and are engineered to deliver maximum absorption and optimum hand-feel.

MARC Bulldog Towels are versatile, heavy-duty grade towels designed to handle tough cleaning tasks with exceptional durability. They are packaged in a handy tote-box.
